

Consultant Testing & Test Automation – Defence (f/m/d)*

Permanent

Full-time

Warum zu uns

Empower People. Create Success. At Tagueri, our people and teamwork take center stage. We are passionate about what we do, contribute proactively, and give our very best - both professionally and personally - every single day. Together, we celebrate our achievements, big and small, genuinely support one another, and take pride in each other's success. Advance your career with us and explore a wide range of opportunities to develop individually, share and expand your knowledge and ideas, and take ownership of your own projects.

Was wir gemeinsam vorhaben

- **Foster teamwork:** Share knowledge and collaborate closely with your team.
- **Take responsibility:** Plan, organize, and manage your project tasks.
- **Optimize testing processes:** Conduct hardware and software testing, initiate, and implement test automation.
- **Create test cases:** Define, develop, and automate test cases within an established tool and test environment, particularly for embedded systems.
- **Analyze test results:** Document, analyze, and evaluate outcomes.
- **Present test reports:** Prepare and present test reports.
- **Stakeholder management:** Communicate both internally and externally, working closely with project teams, stakeholders, and clients.

Worauf Du Dich freuen kannst

Our Unique Corporate Culture:

- A warm and appreciative work environment where every personality matters
- Open communication and accessibility— from junior team members to senior executives
- Numerous team and company events, including our annual summer festival with our families

Our Benefits for Well-being and Growth:

- Smart working options, such as remote work, flexible working hours, sabbaticals, and workations
- Additional perks, including corporate benefits, and an attractive company pension plan
- Health care benefits, such as discounted memberships for Urban Sports Club

Our Shared Journey:

- Comprehensive onboarding with an extensive mentoring program
- A wide range of internal training opportunities and external development support
- An international exchange program to foster personal and professional growth within the corporate group

And much more.

Was Du wissen solltest

We Are Looking for Unique Personalities!At Tagueri, we don't just evaluate applications for a specific position - we see every application as an opportunity to connect with talented individuals. In a personal conversation, we'll explore together whether your goals and our vision are a great match. Don't see a suitable role or location? No problem! Feel free to send us an unsolicited application - we have similar opportunities at other locations as well. We'd love to share more details with you in person. Send us your application via email at bewerbung@tagueri.com or use the "Apply Now" button (maximum file size: 35 MB).

Womit Du überzeugst

- You have a degree in a technical field (e.g., Engineering, Computer Science, Industrial Engineering, or similar).
- You have professional experience in project work and testing within agile (e.g., Scrum) or traditional (e.g., V-Model) methodologies.
- You have experience in embedded software development, particularly on Linux-based systems.

- Your expertise in test analysis, test design, test execution, and test evaluation sets you apart.
- You possess in-depth hardware knowledge, especially regarding the integration and testing of COTS components.
- You have experience in test automation using tools such as Selenium, Ranorex, Cucumber, Jira, X-Ray, and HTML-based tools, particularly for embedded systems.
- An ISTQB certification (Certified Tester Foundation Level) is a plus.
- You have programming experience in Python, C/C++, and Assembler, particularly for ROM/RAM tests.
- You demonstrate strong teamwork, commitment, and assertiveness.
- You work goal-oriented and with a strong focus on the successful execution of projects.
- You have excellent English skills, both written and spoken.
- Ideally, you also have knowledge of German.
- You are willing to travel regularly, including internationally.

Wer wir sind

Wir bei Tagueri sind Brückenbauer zwischen strategischer Unternehmensberatung und operativer Umsetzung. Mit rund 750 Mitarbeitenden sind wir deutschlandweit im Einsatz. Zu uns gehört auch der Energiespezialist con|energy consult gmbh. Mit unseren praxisbezogenen Beratungsmethoden und fundierter Technologieexpertise unterstützen wir namhafte Unternehmen aus den Branchen Automotive, Energie, Luft- und Raumfahrt, Bahn und Verteidigung. Die Herausforderungen unserer Kunden sehen wir als Chance, gemeinsam innovative und zukunftsfähige Lösungen im Technologie-, Projekt- und Prozessmanagement zu schaffen.

*Wir bekennen uns zu den Grundsätzen der Gleichbehandlung und Nichtdiskriminierung. Die Vielfalt unserer Mitarbeiterinnen und Mitarbeiter in Bezug auf Geschlecht, Hautfarbe, Alter, Herkunft, persönliche Interessen, Religion, sexuelle Orientierung und Geschlechtsidentität betrachten wir als Bereicherung. Diskriminierendes Verhalten wird von uns nicht toleriert. Dieses Bekenntnis zu Vielfalt und Inklusion haben wir durch die Unterzeichnung der Charta der Vielfalt bekräftigt.
